

Connecting people with technology

IMPACT Plus Gen 2

#clevertouch | info@clevertouch.com

Multi-award-winning education solutions for the digital classroom

IMPACT Plus Gen 2

Interactive large format display designed for the blended learning environment.

Key Features

Compatible with Google Workspace and Microsoft 365

You can prepare resources anywhere at any time

Designed for hybrid learning

Students can participate in and out of the classroom

Free apps and software

Clever Software Solutions at no extra cost - Cleverstore, LYNX Whiteboard, CleverLive, Clevershare

Screen mirroring for 50 devices

With 9 mobile devices shown on your IMPACT Plus - Clevershare

Full screen digital signage capabilities

CleverLive App

Customise your home screen

With your school's colours, logos, photos and preferred apps and software - CleverLive

Control and troubleshoot remotely

Via MDM Remote Management

Elevated connectivity

Latest generation USB-C for charging and ethernet, plus all other connectivity ports for connecting a range of devices.

Save time lesson planning with subscription-free software

Send messages, alerts and media to all of your Clevertouch screens remotely.

Screen mirroring with built-in teacher controls

High Precision Technology

Apps for Blended Learning

IMPACT Plus Gen 2 Available in a range of sizes

55" | 65" | 75" | 86"

Super Wide Sound

45W Max Power for room-filling sound.

4K

True 4K resolution and sharper user experience throughout.

Cloud Accounts

Sync with your Cloud accounts so that you can work anywhere at any time.

High Precision Technology

Our patented Super Glide Touch technology offers the most fluid writing experience on a touchscreen. It's as smooth as writing on a whiteboard – with no lag. With the ability to differentiate between palm-erase, fingertouch, and stylus-writing, there's no need to change settings mid-flow.

Security Matters

We know how important it is to be secure, so we've got lots of options for you to keep control of your device. Clevertouch can run on-or-off the network. Settings, apps and Android can all be disabled. Data can be wiped at the end of a session and the screen can be locked with a secure passcode.

New super cool stylus

Comfort stylus to aid teaching

Microphone

Built-in line array microphone.

Cleverstore 3.0v

Access hundreds of free teaching apps to make lessons more engaging.

Comprehensive Warranty

No ongoing subscription charges.

Infinity Whiteboarding

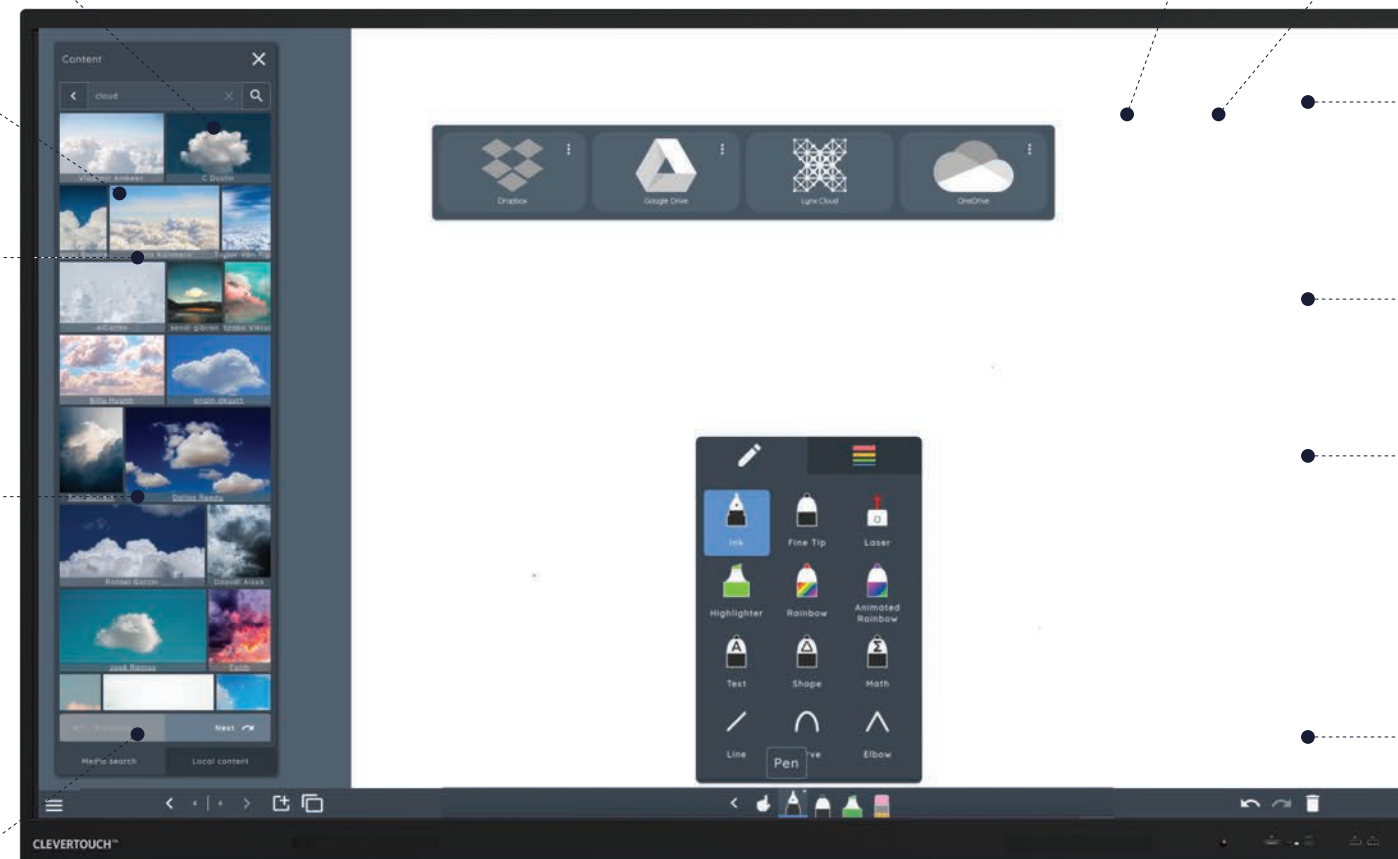

Never run out of space with our infinite canvas. With numeracy tools, handwriting-to-text recognition, and the ability to insert images and shapes, all of which can be saved, printed or shared to student devices.

Connectivity

Huge connectivity including the latest USB-C port.

Environmentally Friendly Motion Detection

Equipped with Proximity Sensors your Clevertouch will power off when no one is detected in the room.

What's New?

Zero bonding - no air gap gives greater accuracy, improved performance and vibrant imagery

Android 11 4K Chipset – 6GB RAM / 64GB ROM

Front-mounted latest-generation USB-C – allows switching between any device

Front-facing speakers and subwoofer for clearer, more powerful quality audio

Upgraded 6 array microphone

Ambient light sensor

Front-mounted power button

Front-mounted USB-A port

Quick Launch Menu for instant teaching tools

Your most commonly used apps are available with one touch and are easily accessible via the Quick Launch Menu.

The Clevershare App is free to download and compatible with Android, Windows, iOS and Chrome devices. Up to 50 devices can connect with the Clevertouch screen and share content – images, video, and audio. The presenter has full control over what is shared, and can show up to 9 device screens simultaneously, increasing student collaboration and participation within every lesson. Now includes touch-back.

Make notes, diagrams or images, add and scroll through multiple pages, insert an image or change the background colour. Now includes handwriting and formula recognition.

Double click on files to open them, as well as easily copy, cut and paste, so it's just like using a PC. Personal Cloud Storage integration.

Explore the internet without needing a computer, using the IMPACT™, Chrome and Chromium browsers.

Cleverstore contains hundreds of apps in all subjects and a range of languages, including literacy, STEAM and languages. Each app is tested by our team, to make sure no adverts, in app purchases, or inappropriate content gets through. We've partnered with the most popular educational app developers to give you apps that you can really make use of in the classroom.

Easily go back to recently used apps using the Active button with split-screen mode.

Protect your Clevertouch with a password by using Lock.

All of your integrated and Cleverstore apps can be found here.

All your favourite apps in one place, including Settings.

Flexible Messaging Solutions

Exclusive to Clevertouch

CleverLive App: Messaging

With CleverLive App your IMPACT isn't just a screen for teaching or presenting, it's also a communications tool. Use it to broadcast messages, alerts and important information to students, staff and visitors.

- Daily news and activities
- Weekly lunch menu
- Live video messages from the school office
- Emergency announcements and fire drills

Create your free account
at CleverLive.com

Dynamic and integrated

CleverLive: Home Screen

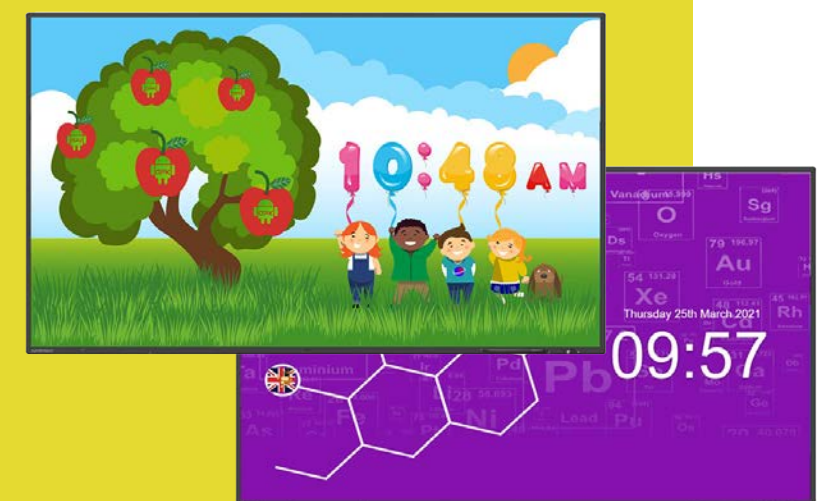

Customise your home screen so it's unique to your school or district. With the CleverLive App, you can group screens so they are representative of your messaging and create user and group profiles.

Personalise your launcher page

- Group by subject, schools, age group, campus, district and more - it's totally flexible
- Show the apps you want. Either from the Cleverstore, or add your own
- Lockdown settings so teachers have to stay within your guidelines
- Add your school logo, colours and background images
- Custom clocks

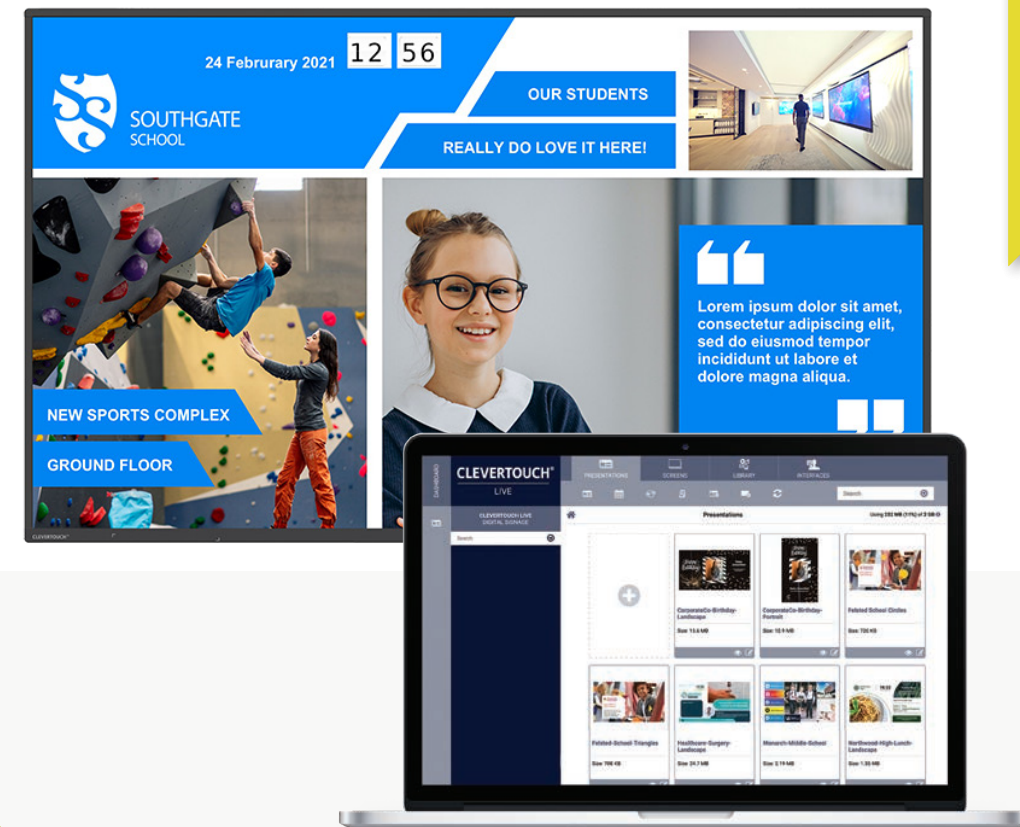

It's simple!

- 1** Go to CleverLive.com
- 2** Sync your IMPACT screen
- 3** Choose your UI layout

Create teacher or group profiles
Log into any connected screen in your district and get your apps, home screen, settings and more.

Dynamic and integrated

CleverLive

CleverLive is the Content Management System Platform (CMSP) for all Clevertouch Technologies innovations.

Personalise your launcher page

- Display digital signage messaging when it's not in use.
- Add apps from the Cleverstore or upload your own apk files – send to all your interactive displays without needing to manually install them on individual screens.
- Send alerts and announcements to your audience.
- Weather warnings, stranger alerts, fire alarms.
- Call staff/students to other locations.

Increase Student Engagement

Cleverstore 3.0 **NEW**

It's easy to hold students' attention when there's something new on the screen. We've hand-picked apps from educational app developers that support Common Core State Standards in the US and the National Curriculum in the UK.

Apps for everyone

With apps for all ages and in most subjects, there are loads to choose from to help support your lessons. From Coding to Math, Literacy, and Science, as well as games and stories, Cleverstore has everything you could need.

Dual language

Not only are most of our apps available in a variety of languages, but some also support dual language, allowing you to teach languages such as French, Spanish, and German as you go along.

A store you can trust

Our App Team checks every app that's submitted to the store so there is no inappropriate content. We want to enable teachers to download apps as lesson resources – so all apps are suitable for the classroom.

Create your free account
at Cleverstore.com

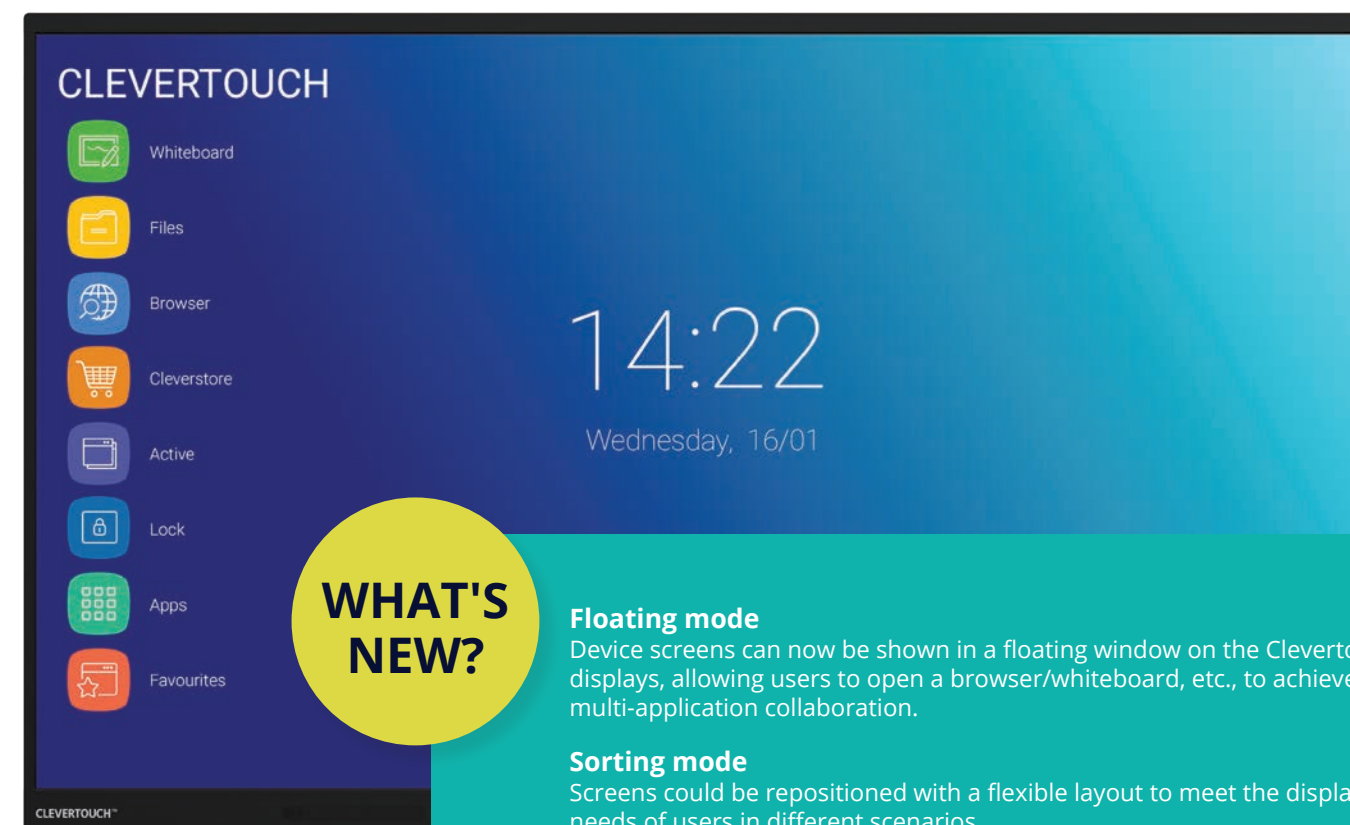

NEW

Cleverstore 3.0 is now browser-based.
Create your account at Cleverstore.com

Clevershare 5

Collaborate with ease - connect up to 50 devices, including phones, tablets and laptops. Screen mirror with images, video and audio.

With touch-back for two-way control, the presenter has full control over what is shared and can show 9 screens simultaneously, increasing collaboration and participation within every session.

WHAT'S NEW?

Floating mode

Device screens can now be shown in a floating window on the Clevertouch displays, allowing users to open a browser/whiteboard, etc., to achieve multi-application collaboration.

Sorting mode

Screens could be repositioned with a flexible layout to meet the display needs of users in different scenarios.

Image quality

Optimized casting image quality, three kinds of clarity can be selected: ordinary, better, and excellent.

Share content with any device

Up to 50 devices can connect with the Clevertouch screen and share content – images, video, and audio. Now with touch-back for two-way control.

The presenter has full control over what is shared and can show up to 9 device screens simultaneously, increasing collaboration and participation within every session.

Mastering Mode

This optional mode will allow you to manually accept or reject from the Clevertouch screen when someone attempts to connect via Clevershare.

Chromecast and Airplay

There is an optional button you can swipe in the settings that will allow you to natively connect your device this way.

Clevershare App

Any device can download the Clevershare App and connect instantly by typing in the code on the Clevertouch screen. Clevershare App is free to download and compatible with Android, Windows, iOS, and Chrome devices.

Clevershare Dongle (optional extra)

Use the USB-C Clevershare dongle to share content. No need to download any app or driver, so ideal for companies that do not allow downloads to devices.

How to connect

You can connect via the Clevershare App if your device is on the same Network as the Clevertouch. Use Advanced Mode for additional encryption and dual sub-networks. There is a Hotspot option if you are unable to use the network.

Optional Extra

Clevershare Dongle

USB-C connection

Compatible with IMPACT Max

Works in conjunction with the Clevershare app

Clevershare App

Works on any device

Free to download

Compatible with Android, Windows, iOS & Chrome Devices

With AirServer you can mirror content from your personal device to the Clevertouch panel without needing to download an app.

Key Features

AirPlay

Used by macOS, iOS and iPadOS devices.

AirServer has support for AirPlay mirroring, media as well as audio-only streams.

Bluetooth discovery.

Support for PIN, password, and on-screen prompt for incoming connections.

Google Cast

Used by Android and Chrome OS devices and is included in Chrome and Edge browsers.

AirServer has support for both Google Cast mirroring and media (casting from apps).

Casting from apps is also available from iOS and iPadOS. DRM protected content is supported if the host device has DRM support.

Google Cast has no PIN support, but AirServer has a prompt option to accept connections.

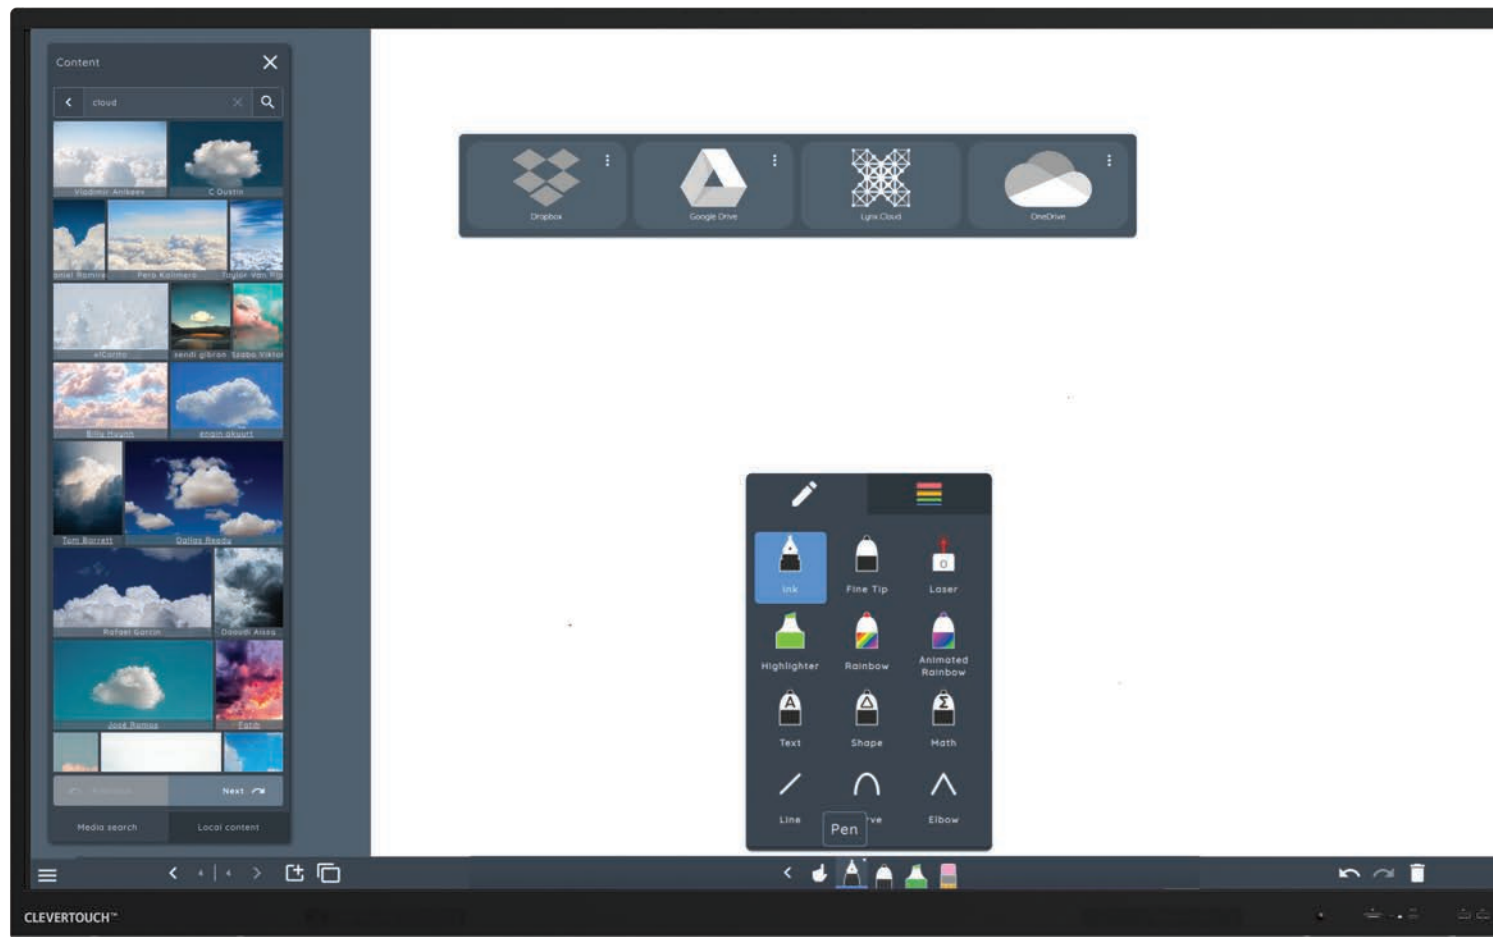

Miracast

Used by Windows 10 devices as well as some Android devices (Samsung, LG, Huawei and more).

AirServer has support for UIBC (touchback) and hardware cursor that transmits the mouse cursor separately to reduce perceived latency.

Support for PIN code and on-screen prompt for incoming connections.

Whiteboarding made easy with a huge selection of pen & art tools to choose from

LYNX Whiteboard

The most dynamic, intuitive user experience of any whiteboard – completely redesigned for a touchscreen, with drag and drop, pinch to zoom, and easy swipe menus.

LYNX Whiteboard has now partnered with PhET to give you over 80 FREE STEM activities to use in your classroom or set as homework.

Captivating Lessons

Natural handwriting

Our new pen type allows users to have a more natural feel to their writing. Pressure and velocity will help to decide the thickness of the line as the user writes – like a real pen.

Multi-Purpose

Split the screen so that you can look online while your lesson is open, and drag content across.

Dual Pen

Two users can choose different pens, or different tools, and use them simultaneously, providing a more natural feel.

Increase student Engagement

Search videos from YouTube, images from Unsplash, panoramic images – all without leaving your app. Safe Search enabled, ensuring content is suitable for children.

Get Creative

With dozens of teaching tools at your fingertips.

Fun, Shareable Activities

Create your own activities with customizable content. Activities will automatically be saved to your LYNX Cloud, so that you can share them with colleagues.

Collaborate with ease

Students can scan a QR code with their personal device and either join the activity during the lesson, or save it to do at home.

Quickly switch formats

Convert files from Office formats into LYNX files, ready to be used within LYNX. Word, Excel and PDF files can easily be converted. Drag interactive whiteboard or Smart Notebook files in bulk and they will automatically convert into a LYNX file.

Cloud access for distant learning with LYNX Whiteboard

Hundreds of tools to increase student engagement in a blended learning environment.

Access the cloud & Log in from anywhere

Create lessons on the go, at home, or in another classroom, on any device.

Your school can set up a LYNX Cloud account, so content and resources can be shared.

Great for distance learning

Set work, deploy and give students their own log-ins.

Download & Upload

Log into any Clevertouch and download your LYNX files, great if you aren't in your usual classroom.

Set Homework

Set homework activities for your students

Sync with other cloud-based drives

Get content from Dropbox, OneDrive, LYNX Cloud or Google Drive and input it directly into your lessons

CleverCam

CleverCam is a 4K ultra-high definition ePTZ camera with a sleek, eye-catching design. CleverCam employs advanced ISP processing algorithms to provide vivid, vibrant images with uniform clarity, brightness, strong colour layering, high resolutions and fantastic colour rendition. With it's great functionality and superior performance, CleverCam is easy and convenient to install and maintain.

Technical Specification

		Accessory	User Manual, Warranty card, USB3.0 cable, IR Controller

Key Features

Ultra HD 4k Resolution | ePTZ | Video output interface

1/2.8 inch high quality CMOS sensor. Resolution is up to 4k with frame rate up to 30fps (MJPG) or 30fps (H.264); compatible with 1080P and 720P; ePTZ and 10x digital Zoom; Video output interface USB 3.0

Multiple Installations | Easy to use

Standard equipped with mold clamp. Easy to install on any device, such as LCD screen, laptop, table and tripod; no need to download driver; USB 3.0 Plug and play.

Wide Field of View

83°/100° wide angle and small distortion lens options; Supports H.264, MJPG, YUY2, NV12 video compression, to made video play smoothly.

Built-in MIC

Built-in two omni-directional MIC pickups; with unique noise suppression algorithm.

Auto Framing

CleverCam uses a face-detection algorithm to automatically centre the camera frame to the person talking, whilst still ensuring that the other people in the room are in-view.

Intelligent Sensor Module

Use either an NFC card or a RFID fob to sign-in within seconds, giving you access to your favourite apps, your cloud accounts and your preferred settings.

The intelligent sensor module device slots onto the bottom of your IMPACT Plus 2.0 or UX Pro 2.0 display. Our sensors keep track of air quality, light, temperature and humidity.

Temperature – It's easier to focus on important work tasks when the temperature settings are right. A work setting that's too hot can cause feelings of drowsiness and sluggishness. If the environment is too cold, blood flow is often slowed and can cause your staff to feel more lethargic.

Humidity – Essential to human health, low humidity allows germs to spread further and irritates the airways, whilst high humidity can cause problems that contribute to allergies. The optimum range of humidity for human health is 30-50%.

PM 2.5 – Breathe easy knowing that you can track the quality of the air around you. PM2.5 are particle matter that are 2.5 microns or smaller in diameter. Airborne particle matter is not a single pollutant, but a mixture of many chemicals.

VOCs - VOCs include a variety of chemicals that can cause eye, nose and throat irritation, shortness of breath, headaches, fatigue, nausea, dizziness and skin problems. Higher concentrations may cause irritation of the lungs, as well as damage to the liver, kidney, or central nervous system.

Standard Specifications

PIR Sensor	Detection Distance	3-5M
	Detection Angle:	H:±40°(80°) V:±27.5°(55°)
Humidity	Accuracy	±5%
	Range	5%RH to 95%RH

Take Control

Remote Management

IT departments & administrators can take control, without needing to leave their office. Control multiple Clevertouch devices by linking your entire fleet of Clevertouch screens to your Remote Management MDM account, so that you can control them from anywhere.

Update or remove apps

With the functionality to add .apk files to some or all of your Clevertouch displays, your organisation can always have the latest apps available to use.

Over-The-Air updates

Our OTA updates are just one click away to get the latest firmware on your screen. We will never charge you for firmware updates.

View status information

IT managers can troubleshoot without needing to leave their office. Look up individual Clevertouch screens, view the display in realtime, edit settings, or restart devices remotely.

Group and tag

If you have a group of screens being used by a certain department, you can deploy the same apps and settings, so that there is a standardized experience for everyone in that department.

Display

Diagonal Size	55" 4K, 65" 4K, 75" 4K, 86" 4K
